

# Tuition and Fees

## *Estimated Price of Attendance for Academic Year 2025-2026*

Students should submit the Free Application for Federal Student Aid (FAFSA) to be eligible for, and receive, additional financial aid resources. The FAFSA determines your Student Aid Index (SAI). Your eligibility for need-based aid is the remaining balance after subtracting your SAI from the total cost of attendance.

Estimated indirect expenses are not billed by NWU, but are included as part of the cost of attendance used to determine financial aid eligibility. Financial aid may be used to help cover indirect expenses.

See your admission counselor or contact the NWU financial aid office for a personal cost estimate.

Tuition is determined each year and is subject to change at any time. The information below should be regarded as estimates and are subject to change. Up-to-date tuition can be found at the tuition and fees website found [here](#).
